SKILLS

React, Redux, JavaScript, Express, Ruby, Rails, PostgreSQL, MongoDB, HTML5, CSS3, jQuery, Git, Webpack, TDD, RSpec

PROJECTS

Flipcamp (Ruby on Rails, JavaScript, React, Redux, HTML5, CSS3, Webpack, jBuilder, PostgreSQL)   Live Site | Github
A site clone of Hipcamp.com
- Implemented back and front end modal-based user auth with Rails conventions and React-Router higher order components
- Created booking and review actions through database operations using Active Record and PostgreSQL
- Used flattened Redux state management to simplify React components and directly manage data for form inputs

Camplist (JavaScript, Node, Express, React, Redux, HTML5, CSS3, Webpack, MongoDB, Google Maps API)   Live Site | Github
Search and share found spots within Bureau of Land Management property
- Implemented an interactive map to allow fluid waypoint finding and site-specific location markings
- Incorporated React-Redux container and selector patterns to write scalable and uni-directional filter search functionality
- Worked with a small team to build a more robust project in a limited time

TowerTime (JavaScript, Canvas, HTML5, CSS3)   Live Site | Github
A tower defense game built entirely on canvas
- Built out fully featured tower defense game, including an implementation of Dijkstra's algorithm for live path-finding
- Optimized game logic and animation runtime for an enjoyable user experience, with custom pixel art, optional hotkeys, and audio

EXPERIENCE

Brooklyn Robot Foundry - *Teacher*   January 2018 – June 2018   **New York**
- Managed and lead events ranging from sizes of 20 to 30 participants
- Taught children aged 6 to 18 the basics of robotics and circuitry

Kulushkät - *Manager*   August 2016 – January 2018   **New York**
- Ran shifts as the operational lead at a restaurant, moving between task delegation, customer service, and training
- Handled onboarding duties, kept POS up to date, managed deliveries and site services

Yuba River Charter School - *Teaching Assistant*   September 2015 – June 2016   **California**
- Worked in a Waldorf classroom as an assistant and personal aid for special needs students
- Lead classroom exercises, lessons, and study periods for students

Charis Youth Center - *Counselor*   May 2015 – September 2015   **California**
- Guided daily meetings, taught emotional control, and provided guardianship to a group of at-risk youths
- Lead excursions and activities, managed meals and prescriptions

University of Puget Sound - *Sound Tech and Coordinator*   September 2012 – June 2015   **Washington**
- Planned and executed sound and lights setups for performances at different venues
- Communicated with local performers and university students to organize private and public events on and off campus

EDUCATION

App Academy   **San Francisco, California**
Curriculum of Study in Web Development   August 2019 Cohort

University of Puget Sound   **Tacoma, Washington**
Bachelor of Arts in English Literature (Concentrations: Comparative Sociology and Education)   Class of 2015
